Presentation Topic: "Building Our New Energy Future"

Presented by ASHRAE President, Sheila J. Hayter

A rapid evolution is underway in the electricity sector that will also have a significant impact on the buildings sector. The result of this evolution is our new energy future. That new future is not far away.

**Sheila J. Hayter
ASHRAE President**

Sheila J. Hayter, P.E., is ASHRAE's President for the 2018-2019 term. Hayter has previously served on the Board of Directors as Treasurer, two terms as Vice President, and Director-at-Large. She is the recipient of ASHRAE's Distinguished Service Award, Exceptional Service Award, and an ASHRAE Technology Award. She is an ASHRAE Fellow and a Distinguished Lecturer.
