

PARENT/GUARDIAN'S PERMISSION GRANTED FOR ACCESS TO POOL AREAS OF VOLCANO ISLAND WATER PARK

(SWIMMER ABILITY IDENTIFICATION FORM)

Campers will swim at Volcano Island Water Park on Tuesday and Wednesday afternoons. To maximize each swimmers time at the pool, we are relying upon parents to tell us which areas of the pool their child may be granted access to during the swim session(s).

Volcano Island is monitored by licensed aquatics staff hired by Volcano Island, which is responsible for your swimmer's safety. To get a full idea of the features of the water park, please visit the Volcano Island website at <https://www.novaparks.com/waterparks/volcano-island-waterpark>.

In summary, Volcano Island Water Park has two water areas: (1) a main pool with both a deep water area (featuring a 230 foot open slide and a 170 foot closed slide); and a shallower water area (containing a play feature with tube slides, open slides, fountains, squirters, a dumping bucket, and a small kiddie slide); and (2) a separate "splash pad" in a separately enclosed area (featuring water cannons, showers, sprinklers, and buckets). Again, please visit the website to get a fuller picture.

With this information in mind (again, the website it the best source), please circle the access level you would like granted to your camper at Volcano Island Water Park. It cannot be emphasized enough that Powhatan District Day Camp is relying on the parent/guardian to make the appropriate selection based on their own personal knowledge of their campers' swimming ability:

1. RED: non-swimmer: access to shallow (splash pad) play pool only; no access to main pool.
2. YELLOW: intermediate swimmer: access to shallow (splash pad) play pool, and shallow and mid-section areas of main pool only; camper not permitted in water over waist deep; camper not permitted access to 230 foot and 170 water slides.
3. GREEN: advanced swimmer - access to all areas of main pool, including 230 foot and 170 foot water slides in deep areas of the pools (Please note: access to these slides may be limited by the guards at the pool due to height even if your camper is a "green" level swimmer); shallower area of main pool; and separate shallow (splash pad) play pool
4. BLACK: No Pool Access

In addition to identifying your camper below, please set out any special precautions that require accommodations at the pool. In addition, if your scout questions the category chosen, or if the pool or camp staff determines necessary, this constitutes permission to administer a swim test to adjust swim level.

Name of Camper: \_\_\_\_\_ Pack No. \_\_\_\_\_

Special Accommodations (If none, state "None") \_\_\_\_\_
