

# DRIVE

WELLNESS BEGINS WITHIN®

Aroga's Drive consists of a combination of three great products, Drive M1, M2 and M3 (the 3 Ms) designed to provide a constant source of extra energy throughout the day, support learning, memory, mood and outlook on life, and promote overall good health.

The 3 Ms, in combination, provide extra, sustained energy for a healthier, more energetic and productive day. With exercise or other heavy activity, reduced fatigue, soreness and recovery time can be expected. The 3 Ms also support mental acuity, enhanced cognitive and memory performance, and reduced mental fatigue. Added benefits include antioxidant and anti-inflammatory effects that support overall health.

The 3 Ms also provide nutrients, including B vitamins, for the brain, by far the most metabolically active organ of the body. These nutrients have roles in formation of energy for the brain, as well as the synthesis of signaling molecules, and neurochemicals such as serotonin (the major mood chemical), thus they have a direct effect on cognitive functions and mood.

And finally, the 3 Ms protect cells, and especially mitochondria, the energy factories of cells, from various sources of oxidative stress, chronic inflammation, and other sources of cell injury and death. They also upregulate mitochondrial biogenesis, the respiratory chain, and membrane potential, and support proper apoptosis and autophagy.

M1

## Supplement Facts

Serving Size 1 Capsule  
Servings per Container 36

Amount per Serving	% DV
Thiamin (as Thiamin HCl) 50 mg	4167%
Riboflavin (as Riboflavin-5-Phosphate) 50 mg	3846%
