SUPPORT REPORT

SEPTEMBER
2022

A year of change

Glide Revitalization has experienced a tremendous amount of change this year. Staffing restructuring, leadership shifts, new program development and throwing the first ever Sasquatch Festival. In the interest of keeping the community up to date on our program and what we have been up to, we are excited to bring you the first ever Support Report. This report will be produced monthly and will provide a snapshot of the services that were provided the month prior.

We would like to extend our upmost gratitude to those who have assisted our organization through the trials and provided feedback on how to better serve the community.

As we look ahead, Glide Revitalization's focus will be finishing the job we started by continuing to help Archie Fire survivors as well as kick starting new programs that will benefit the community such as Little Loggers Playschool and providing direct assistance to community members in need.

FUNDS PROVIDED THIS MONTH

Glide Revitalization is in a unique position. We operate as a non-profit that can obtain grant funding for a wide variety of programs and community based assistance. We also house Douglas County's Long-Term Recovery Group (LTRG). This is a committee of individuals that are governed by a Board of Directors and are fiscally sponsored by a 501(c)(3) organization. All funding that is allocated to this local group of individuals is provided specifically to wildfire impacted community members.

We also partner with many other non-profit organizations to maximize efforts. Often, cases are presented to many community business partners to ensure the client receives the most amount of assistance available to them.

2022 year to date total \$346,882
