

# YESTERDAY

Our story started just over two years ago when Pastor Ernest and Sarah launched Accelerate Church in Cherry Hill, New Jersey. In September 2021, we began with 330 people, and we're committed to impacting even more lives. Since then, our mission has been to share the gospel with as many people as possible in Accelerate City [Delaware Valley Region].

# TOMORROW

By the grace of God, we have experienced remarkable growth! Over the past 10 weeks, our attendance has increased by 25% compared to last year. However, this growth has brought limitations. We face constraints in our kids' space, the absence of a congregational gathering area, room for leadership development, youth, and numerous other aspects. Nevertheless, we serve a limitless God, one who can accomplish more than we can fathom.

So, with your generous support, we believe we can overcome these limitations and acquire a facility, headquarters, or a 24/7 location to make a significant impact.

 **OUR GOAL:**  
**\$100,000**

# TODAY

As a church, our greatest desire has been to help people accelerate into a relationship with Jesus and witness the gospel spread rapidly in the region, igniting a revival.

We fulfill our mission by helping people know God, find freedom, discover purpose, and make a difference.
