

“Subject” Display Norm Rules for MARC 600 and MARC 650 for the LSH Initiative

The display norm rules are constructed in a similar manner to the display norm rules used in the initial implementation of the Change the Subject Project. The changes that have been made to the display norm rules update the display of subject headings to adhere that have not been updated to the Library of Congress and SUNY local subject heading changes.

MARC 600 Display Norm Rule:

rule "Primo VE Display - Subject 600"

```
when
  MARC."600" has any "a-u,w-z" AND NOT
  MARC."600".ind"2" equals "2"
then
  set TEMP"1" to MARC."600" subfields "a-u,w" delimited by " " remove substring using regex
  "\\.+ $"
  set TEMP"2" to MARC."600" sub without sorting "x-z" delimited by " -- "
  remove substring using regex (TEMP"2", "\\.+ $")
  concatenate with delimiter (TEMP"1",TEMP"2", " -- ")
  set TEMP"3" to multilingual by "600" "Subject" "display"
  concatenate with delimiter (TEMP"1",TEMP"3", "")
  replace string by string (TEMP"1", "Aliens", "Noncitizens")
  replace string by string (TEMP"1", "aliens", "noncitizens")
  replace string by string (TEMP"1", "Illegal alien", "Undocumented immigrant")
  replace string by string (TEMP"1", "illegal alien", "undocumented immigrant")
  replace string by string (TEMP"1", "Illegal alien children", "Noncitizen children")
  replace string by string (TEMP"1", "Illegal immigrants", "Undocumented immigrants")
  replace string by string (TEMP"1", "Illegal immigrants", "Undocumented immigrants")
  replace string by string (TEMP"1", "Illegal immigration", "Undocumented immigrants")
  replace string by string (TEMP"1", "illegal immigration", "undocumented immigrants")
  replace string by string (TEMP"1", "Illegal noncitizens", "Noncitizens")
  replace string by string (TEMP"1", "Relations with aliens", "Relations with noncitizens")
  replace string by string (TEMP"1", "Taxation of aliens", "Noncitizens taxation")
  replace string by string (TEMP"1", "Church work with aliens", "Church work with noncitizens")
  replace string by string (TEMP"1", "Deportation of aliens", "Deportation of noncitizens")
  replace string by string (TEMP"1", "Alien detention centers", "Noncitizen detention centers")
  replace string by string (TEMP"1", "Alien criminals", "Criminals")
  replace string by string (TEMP"1", "Noncitizen criminals", "Criminals")
  replace string by string (TEMP"1", "Alien labor", "Noncitizen labor")
  replace string by string (TEMP"1", "Alien property", "Noncitizen property")
  create pnx."display"."subject" with TEMP"1"
end
```

MARC 650 Subject Display Normalization Rule for SUNY Libraries that Display 650 _7, including 650 _7 with \$2 Change the Subject Project:

```
rule "Primo VE Display- Subject 650"
when
  MARC."650" has any "a-u,w-z" AND NOT
  MARC."650".ind"2" equals "2" AND NOT
  MARC."650"."a" match "^.*Aliens.*"
Then
  set TEMP"1" to MARC."650" subfields "a-u,w" delimited by "--" remove substring using regex "\\.+ $"
  set TEMP"2" to MARC."650" sub without sorting "x-z,2" delimited by "--"
  remove substring using regex (TEMP"2", "\\.+ $")
  concatenate with delimiter (TEMP"1",TEMP"2", "--")
  set TEMP"3" to multilingual by "650" "Subject" "display"
  concatenate with delimiter (TEMP"1",TEMP"3", "")
  replace string by string (TEMP"1", "Aliens", "Noncitizens")
  replace string by string (TEMP"1", "aliens", "noncitizens")
  replace string by string (TEMP"1", "Illegal alien", "Undocumented immigrant")
  replace string by string (TEMP"1", "illegal alien", "undocumented immigrant")
  replace string by string (TEMP"1", "Illegal alien children", "Noncitizen children")
  replace string by string (TEMP"1", "Illegal immigrants", "Undocumented immigrants")
  replace string by string (TEMP"1", "Illegal immigrants", "Undocumented immigrants")
  replace string by string (TEMP"1", "Illegal immigration", "Undocumented immigrants")
  replace string by string (TEMP"1", "illegal immigration", "undocumented immigrants")
  replace string by string (TEMP"1", "Illegal noncitizens", "Noncitizens")
  replace string by string (TEMP"1", "Relations with aliens", "Relations with noncitizens")
  replace string by string (TEMP"1", "Taxation of aliens", "Noncitizens taxation")
  replace string by string (TEMP"1", "Church work with aliens", "Church work with noncitizens")
  replace string by string (TEMP"1", "Deportation of aliens", "Deportation of noncitizens")
  replace string by string (TEMP"1", "Alien detention centers", "Noncitizen detention centers")
  replace string by string (TEMP"1", "Alien criminals", "Criminals")
  replace string by string (TEMP"1", "Noncitizen criminals", "Criminals")
  replace string by string (TEMP"1", "Alien labor", "Noncitizen labor")
  replace string by string (TEMP"1", "Alien property", "Noncitizen property")
  create pnx."display"."subject" with TEMP"1"
end
```

MARC 650 Subject Display Normalization Rule for SUNY Libraries that Do Not Display 650 _7, except 650 _7 with \$2 Change the Subject Project:

rule "Primo VE Display- Subject 650"

when

MARC."650" has any "a-u,w-z,2" AND
((MARC."650"."2" match "Change the Subject Project" AND MARC."650".ind"2" equals
"7") OR
MARC."650".ind"2" equals "0" OR
MARC."650".ind"2" equals "1" OR
MARC."650".ind"2" equals "2") AND NOT
MARC."650".ind"2" equals "3" AND NOT
MARC."650".ind"2" equals "4" AND NOT
MARC."650".ind"2" equals "5" AND NOT
MARC."650".ind"2" equals "6" AND NOT
MARC."650".ind"2" equals "8" AND NOT
MARC."650"."a" equals "Aliens"

then

set TEMP"1" to MARC."650" subfields "a-u,w" delimited by " -- " remove substring using regex "\\.+ \$"
set TEMP"2" to MARC."650" sub without sorting "x-z,2" delimited by " -- "
remove substring using regex (TEMP"2", "\\.+ \$")
concatenate with delimiter (TEMP"1",TEMP"2", " -- ")
set TEMP"3" to multilingual by "650" "Subject" "display"
concatenate with delimiter (TEMP"1",TEMP"3", "")
replace string by string (TEMP"1", "Aliens", "Noncitizens")
replace string by string (TEMP"1", "aliens", "noncitizens")
replace string by string (TEMP"1", "Illegal alien", "Undocumented immigrant")
replace string by string (TEMP"1", "illegal alien", "undocumented immigrant")
replace string by string (TEMP"1", "Illegal alien children", "Noncitizen children")
replace string by string (TEMP"1", "Illegal immigrants", "Undocumented immigrants")
replace string by string (TEMP"1", "Illegal immigrants", "Undocumented immigrants")
replace string by string (TEMP"1", "Illegal immigration", "Undocumented immigrants")
replace string by string (TEMP"1", "illegal immigration", "undocumented immigrants")
replace string by string (TEMP"1", "Illegal noncitizens", "Noncitizens")
replace string by string (TEMP"1", "Relations with aliens", "Relations with noncitizens")
replace string by string (TEMP"1", "Taxation of aliens", "Noncitizens taxation")
replace string by string (TEMP"1", "Church work with aliens", "Church work with noncitizens")
replace string by string (TEMP"1", "Deportation of aliens", "Deportation of noncitizens")
replace string by string (TEMP"1", "Alien detention centers", "Noncitizen detention centers")
replace string by string (TEMP"1", "Alien criminals", "Criminals")
replace string by string (TEMP"1", "Noncitizen criminals", "Criminals")
replace string by string (TEMP"1", "Alien labor", "Noncitizen labor")
replace string by string (TEMP"1", "Alien property", "Noncitizen property")
