

ANACOSTIA WATERSHED SOCIETY

From an email from Emily Castelli, Volunteer Manager,
Anacostia Watershed Society

We plan our restoration projects on a quarterly basis and will be planning for the summer months soon! Public volunteering events get posted to our [online calendar here at this link](#) and we also have a [group volunteer information form](#) available for groups interested in setting up private volunteering opportunities. We also just released our Anacostia River Discovery Series schedule online ([link here](#)). We offer free boat tours and canoe tours through our Discovery Series from May until September. All June tours are currently open for registration. Groups larger than 5 that are interested in attending boat tours can submit interest here: <https://anacostiaws.salsalabs.org/boattourinterestform/index.html>

I hope this information is helpful! Let me know if you have any questions.

Thank you,
Emily Castelli
Volunteer Manager
