

NCAC Outdoor Programs 2025 is a strategic effort of the Council to seek the views of our Scouting Community on how our Council's outdoor programs and facilities should change and evolve to remain relevant to at least 2050.

We would like to give everyone in the Council, from individuals and units to the Districts, the opportunity to make their views known through surveys, face-to-face meetings and listening sessions.

Please join us for the **Kick-Off Council-Wide Webinar** at 7 pm, Tuesday, April 16.

You can sign-up for the webinar and stay updated on **NCAC Outdoor Programs 2025** here:
