Conservation workday

Pope Farm Conservancy
Saturday September 29, 9:00-11:00 am

Help keep the prairies and savannas in Middleton's conservancies in top shape! Activities include weed removal, native species identification, and seed collection. Most of the work is off-trail and in the prairies, so please wear long pants, sturdy closed-toe footwear, and bring sun protection, work gloves, and drinking water. Children are welcome with a parent/guardian in attendance.

Learn about birds while you work.....

Whether you're new to birding or a seasoned veteran, come along with Brad Kolhoff, Adaptive Restoration's Wildlife and Restoration Specialist and a passionate birder with 15 years worth of birding experience.

 Pope Farm Conservancy meet at the upper parking lot at 7440 W Old Sauk Rd, near the amphitheater.

Goth Conservancy meet at the parking lot at 7829 W Old Sauk Rd.

Noll Valley work sessions meet at the park sign on Noll Valley Rd.

Cherrywood Forest work sessions meet at the intersection of Kempfer Cut and Welcome Drive.

Settlers Prairie sessions meet at parking lot on Bergamot Way
