

LNCS/LNAI/LNBI –
Terms for Bulk Purchases of
Conference Proceedings

Springer LNCS offers its conference and workshop proceedings as

- printed books
- USB sticks
- E-content licenses (navigable electronic content)
- Online access to the content on SpringerLink (for a period of 4 weeks)

By default, LNCS proceedings are produced as printed books. USBs (containing the electronic content of the respective printed proceedings) or navigable electronic content are only produced for conferences/symposia/workshops if organizers or volume editors have explicitly requested this; the same applies for 4-week access to the content on SpringerLink.

USBs of LNCS proceedings are not kept in stock and are not available for purchase from the warehouse. The production time line for USBs is the same as for printed books.

Our USB proceedings or navigable electronic content include pdf full-text search functionality, author index and bibtex files. The minimum number of USBs or navigable electronic content that has to be purchased is 50.

- If you require any **USBs, navigable electronic content, or temporary free access to the content on SpringerLink** kindly make sure that we are informed when you upload the electronic manuscript to our server.

1. Prices for Bulk Purchases of Conference Proceedings

1.1. Prices for Books

Volume editors or conference organizers may buy copies of their proceedings at preferential rates (which reflect a discount of at least 50% off the list price). Prices depend on the number of pages and the number of copies purchased. Please see the table below for details.

All prices shown in this document are net prices in Euro.

The page ranges referred to are total page counts incl. all front- and back-matter pages.

Books				
# Pages	Number of Copies Purchased			
	1-99	100-199	200-299	≥ 300
140-199	19,00	16,00	14,00	13,00
200-299	23,00	20,00	18,00	16,00
300-399	27,00	24,00	22,00	19,00
400-499	31,00	28,00	25,00	22,00
500-599	35,00	32,00	28,00	25,00
600-699	39,00	35,00	31,00	28,00
700-799	42,00	38,00	34,00	31,00
800-900	45,00	41,00	37,00	33,00

- Please note that we can accommodate no more than a **maximum of 900 pages** (incl. front- and backmatter) in one LNCS/LNAI/LNBI volume.

1.2 Prices for USBs

We can also provide, for distribution at conferences and workshops, USB proceedings delivered as separate items.

These will be structured as follows:

The screenshot shows a web browser window displaying the LNAI 8108 proceedings page. The page content includes:

- Editors: Ruth Aylett, Brigitte Krenn, Catherine Pelachaud, and Hiroshi Shimodaira (Eds.)
- Title: **Intelligent Virtual Agents**

The prices of USBs depend on the total number of text pages needed in the printed books as follows:

	USBs		
	Number of Copies Purchased		
	50-99	100-199	≥ 200
# Pages			
up to 400	23,00	20,00	18,00
401-800	27,00	23,00	20,00
801-1200	31,00	27,00	23,00
1201-2000	35,00	31,00	27,00
2001-2800	39,00	35,00	31,00
2801-3600	43,00	39,00	35,00
3601-4000	47,00	43,00	39,00

USBs are only offered if at least 50 USBs are purchased.

Please note that there are no discounts applied to USB prices.

1.3 Navigable Electronic Content (e-content licences)

In case you would like to produce your own USB sticks or CD-ROMs for distribution to the conference participants, you have the option of purchasing the navigable electronic content only. The net prices per item are as follows:

	Navigable Electronic Content		
# of Items Purchased	50-99	100-199	≥ 200
# Pages			
up to 400	15,00	12,00	10,00
401-800	19,00	15,00	12,00
801-1200	23,00	19,00	15,00
1201-2000	27,00	23,00	19,00
2001-2800	31,00	27,00	23,00
2801-3600	35,00	31,00	27,00
3601-4000	39,00	35,00	31,00

Navigable electronic content is only offered if at least 50 licenses are purchased.

1.4 Prices for Multiple-Volume Book Sets

If the total number of pages in a proceedings volume exceeds 900 pages, then the content has to be split across two or more print volumes by the volume editors. Respecting natural break points, we aim to distribute pages equally among the volumes of a set.

The prices for print proceedings published in more than one LNCS volume are calculated by adding the individual bulk prices for the volumes needed. There are, however, additional discounts applied to the prices of the print proceedings sets:

# Volumes in Set	Discount on Bulk Prices	Multiple Volume Discount Factor
2	20%	0,80
3	30%	0,70
4	35%	0,65
5	40%	0,60

2. Free Copies

2.1 Free Online Access

We now offer the zero-cost option of giving registered conference participants temporary free access to the online version of the conference proceedings on SpringerLink. Access is granted for approximately four weeks, starting a few days before the meeting. If requested, this temporary free online access could also be arranged for proceedings that are published after the conference.

Please inform us when you upload the files if you are interested in this option.

2.2 Free Printed Copies

No royalties are paid for editing LNCS volumes, however, **50 complimentary copies** are given to the volume editors. By default, these free copies are given as printed books, even in the case when no additional copies are purchased.

If at least 100 USBs are purchased, the volume editors may choose whether they wish to receive the 50 free copies as books or as USBs.

The free copies can be given as e-content-licenses (according to 1.3), if at least 50 are purchased.

2.3 Bulk Calculator

Please feel free to use our Bulk-Calculator, which can be found under the following link:

<http://ocs.springer.com/order-calculator/?line=11997654>

3. Free Online Conference Service

Springer offers the Online Conference Service OCS to help PC chairs manage the submission and review process. All conferences whose proceedings have been accepted for publication in the LNCS series may now use OCS - with technical support - free of charge.

Feel free to visit our website www.springer.com/computer/lncs?SGWID=0-164-6-447109-0 for more information.

If you would like to access the demo version, kindly contact ocs_support@springer.com.

4. Shipping Costs

Please note that, besides the costs for the books and/or USBs, the transportation costs also have to be covered for both the purchased and the free copies.

If you need a shipping quote, then please send an email to lncs@springer.com, giving the delivery address as well as the number of pages (roughly) your proceedings will have and the number of copies you will require.

Post-conference proceedings, whose delivery is not tied to a schedule, can be sent from our warehouse directly to the recipients. The shipping costs are passed on to you. If you are interested in this option, kindly write to lncs@springer.com. You will be sent an Excel sheet to be completed with the names and addresses of the recipients. We require one single invoicing address for the books and the delivery costs.

5. Various

Please note that all prices are subject to (local) VAT. If the recipient (and the billing party) has a VAT number that exempts them from paying VAT, then please submit this information along with the billing party's address so that we can make the necessary provisions for the invoice.

If you anticipate that a proforma invoice or any other special paperwork will be necessary for the dispatch of the books, then please let us know well in advance.

The above terms might be subject to change.
