SUPPORT REPORT

February
2023

The time to rebuild is now

Fire impacted families, this one is for you! A program called Wildfire Recovery and Resilience Account (WRRRA) is in effect until June 30, 2023. This program is brought to you in partnership with UCAN. The program funds shelter, clothing, and essential services for those impacted by the wildfire, including reconstruction and replacement of destroyed primary residences. Unlike most state/federal funding, this program does not disqualify any household based on income! Funding awards are based on an income sliding scale, meaning you still may qualify at higher income levels. Proof of loss from the Archie Creek Fire is required. Applications can be found at the Glide Revitalization office. Please call to set an appointment with one of our caseworkers who can help you through this process!

FUNDS PROVIDED THIS MONTH

\$150,892

Glide Revitalization is in a unique position. We operate as a non-profit that can obtain grant funding for a wide variety of programs and community based assistance. We also house Douglas County's Long-Term Recovery Group (LTRG). This is a committee of individuals that are governed by a Board of Directors and are fiscally sponsored by a 501(c)(3) organization. All funding that is allocated to this local group of individuals is provided specifically to wildfire impacted community members.

We also partner with many other non-profit organizations to maximize efforts. Often, cases are presented to many community business partners to ensure the client receives the most amount of assistance available to them.

2023 year to date total \$206,582
(does not include Reforestation)

SUCCESS STORY

Being a part of the community that lost their home and established life to the Archie Creek fire on Sept 8th, 2020, it has been nothing short of an uphill climb to even begin to regain even a small part of our lives. We were introduced to Glide Revitalization shortly after the fire and the contributions and support to rebuilding our lives have left us speechless and in tears on a number of occasions. We are currently, as of the last 3 months, a homeowner, made possible by the down payment received from Glide Revitalization along with new appliances, furniture, paint, new insulation, and gift cards, not only have they helped us financially, but they have also supported us greatly with the FEMA process and assuring we got the best possible information to them, unless you have been through this tragedy you cannot imagine the process you have to go through just to get one thing accomplished, (FEMA, Info to our Attorney, new birth certificates, faxes,) not to mention mental support, Yes they supported us with this too.
