EXHIBITOR LETTER OF REQUEST

This letter of request invites your company to participate at the Advanced Practice Providers Oncology Summit (APPOS). A conference series presented by Horizon CME and in partnership with Community Oncology Alliance. The APPOS receives positive feedback from both attendees and supporters. Each year we incorporate feedback from attendees and supporters to improve networking and a positive experience for everyone involved.

What to expect:

Exhibits provide an opportunity to learn about the products and services that can help improve the quality, safety, and outcomes of oncology care.

An announcement will be made to attendees during the conference to encourage the attendees to visit the Exhibit Hall. There are incentives that Horizon CME will be providing/sponsoring to encourage clinician participation, such as raffles for gift cards. The non-refundable Exhibit fee is designed to only cover the registration for two representatives to exhibit and not associated with meals, raffles, or other social activities.

To maximize traffic in the Exhibit Hall, there are at least 3.5 hours of exhibit time available during morning breakfast and all breaks. The Exhibit Hall is in a separate room from the General Session. No meals are associated with the exhibit fees.

Who attends APPOS:

The target audience includes oncology nurse practitioners, physician assistants, and nurse specialists working in all phases of oncology care. The typical attendee has years of experience and is integral in the decisions regarding medications, supplies, and equipment for the management of cancer patients. Advanced Practice Providers Oncology Summit has averaged 70 plus in attendance, depending on location. The attendance increases each year by approximately 10%.

The Exhibit opportunities and fees are outlined in this Prospectus as well as the many locations to Exhibit held across the United States of America.
