OCTOBER

Domestic Violence Awareness Month

October is Domestic Violence Awareness Month, a crucial time to highlight the impact of domestic violence on pregnant women and the importance of screening and support. This month, we encourage all health care providers to utilize the latest resources, such as the [2024 Domestic Violence Awareness Month Toolkit from Stop the Hurt](#), and the CDC's [Violence and Pregnancy](#) to enhance their practices and support survivors. Together, we can make a difference in the lives of those affected by domestic violence.

Article: Innovations in Rural Obstetrics to Maintain Access to Care

Milbank highlights the unique challenges faced by rural health care providers and the innovative changes six rural obstetrics delivery sites from across the country made to address this growing care gap.

From partnering with a federally qualified health center to transitioning to a municipal hospital district, this article highlights a wide variety of innovations that have allowed obstetric care to remain in communities where it is critical. Visit [here](#) to learn more.

Resource: Community Birth Transfer Resource Kit

The [Community Birth Transfer Resource Kit](#) from Alliance for Innovation on Maternal Health (AIM) is designed to ensure safer and smoother transfers during community births. This comprehensive toolkit provides essential guidelines and resources for health care providers to enhance communication and coordination, ultimately improving outcomes for mothers and babies. Visit [AIM \(saferbirth.org\)](#) to learn more and access these invaluable resources.
