

## **NEW TOOL AVAILABLE NOW!**

### **Financial Health Scorecard**

NC AHEC Practice Support developed a new [Financial Health Scorecard](#) for your practice. The scorecard is intended for practices in need of a no-cost resource to track their fee-for-service and value-based financial performance, and prioritize strategic opportunities for improvement. Practice Support coaches are available to assist with training, and any identified opportunities for quality improvement, EHR/HIE optimization and workflow optimization based on best practices for your specialty.

**If you need assistance from a Practice Support coach, please contact us at [practicesupport@ncahec.net](mailto:practicesupport@ncahec.net).**
