

# High Adventure Fishing and Fly Fishing

**Pete Adams**

**(540) 775-5942**

**[peter.t.adams@baesystems.com](mailto:peter.t.adams@baesystems.com)**

- Why Fish?
- Two Approaches
- Places to Go
- Plan for Success
  - When to Go?
  - Weather & Water
  - What's Biting?
  - Match the Hatch
  - What Gear?
- Some Resources

# Why Fish?

1. Explore new places
2. Learn new skills
3. Earn merit badges
4. Supplement trail diet
5. Have FUN !

# Two Approaches

A person is fishing in a canoe on a calm body of water at dusk. In the background, a campfire is burning brightly, and a tent is set up on the shore. The scene is peaceful and scenic, with trees and water reflecting the twilight sky.

## Fishing Trip

1. Fishing is primary
2. Plan other activities around fishing (first aid, exploring, insect study, backpacking, camping, cooking, etc.)

## Backpacking, Canoeing, etc. Trip

1. Fishing is secondary
2. Spare time activity
3. Plan fishing around other activities

**Variety Meets Everyone's Needs**

# **Some Places to Go**

- **Philmont Scout Ranch**
- **Florida Sea Base**
- **Northern Tier Boundary Waters**
- **Maine High Adventure Base**
- **Shenandoah Area**
- **Inshore Saltwater**
- **Local Waters**

# Philmont Scout Ranch

- Creeks offer challenging small-stream trout “hunting”
- Fish are small and wary; subdued colored clothing and extreme stealth required!
- Most streams are catch-and-release

Fish Camp

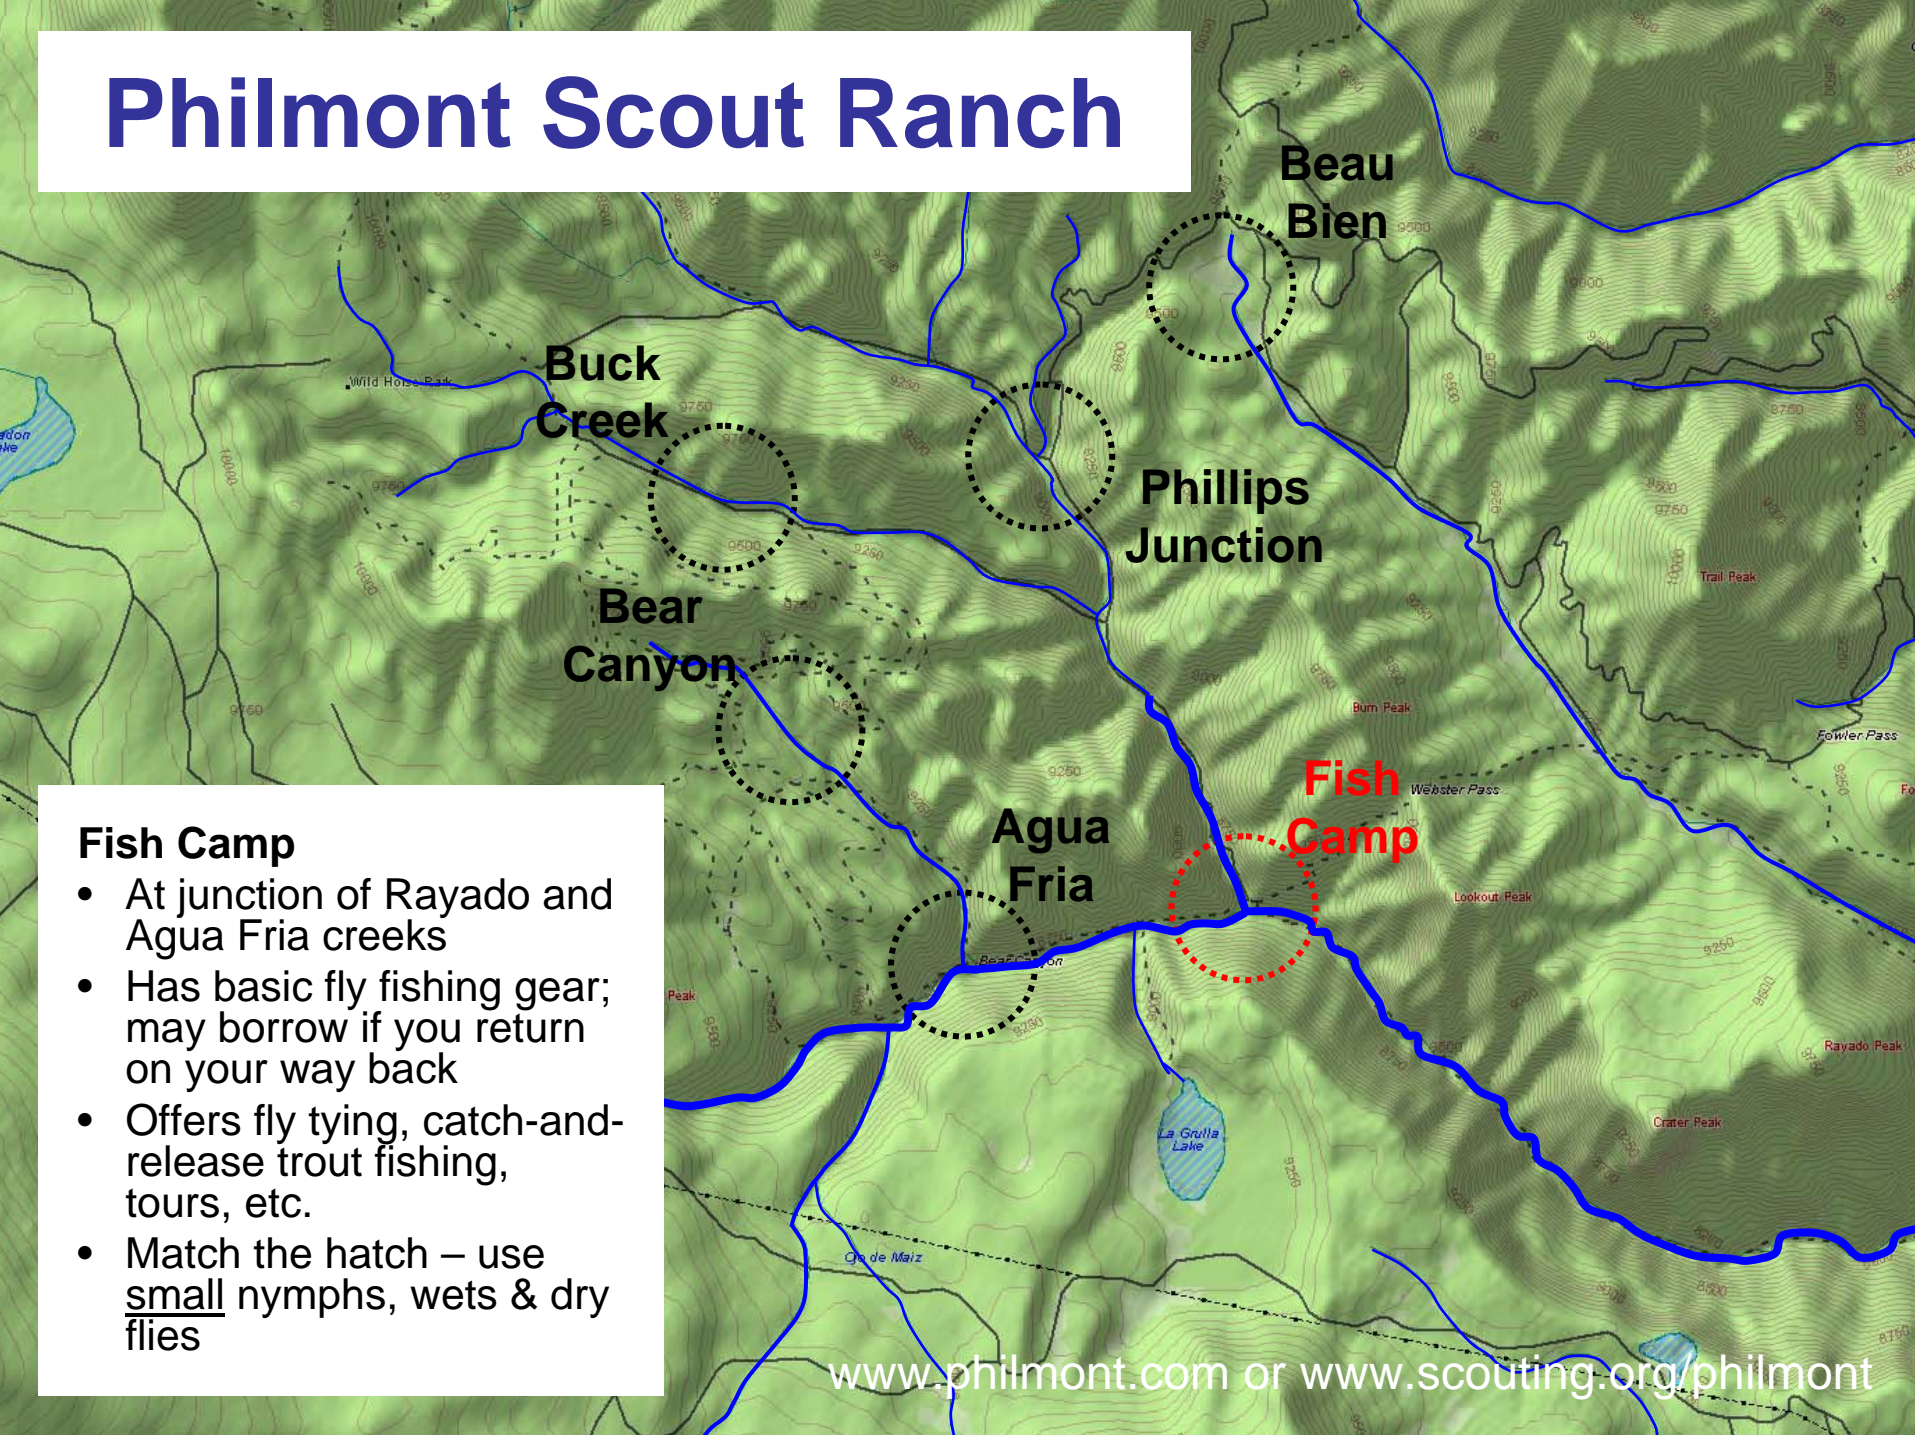

Rayado Creek

# Philmont Scout Ranch

## Fish Camp

- At junction of Rayado and Agua Fria creeks
- Has basic fly fishing gear; may borrow if you return on your way back
- Offers fly tying, catch-and-release trout fishing, tours, etc.
- Match the hatch – use small nymphs, wets & dry flies

[www.philmont.com](http://www.philmont.com) or [www.scouting.org/philmont](http://www.scouting.org/philmont)

# Florida Sea Base

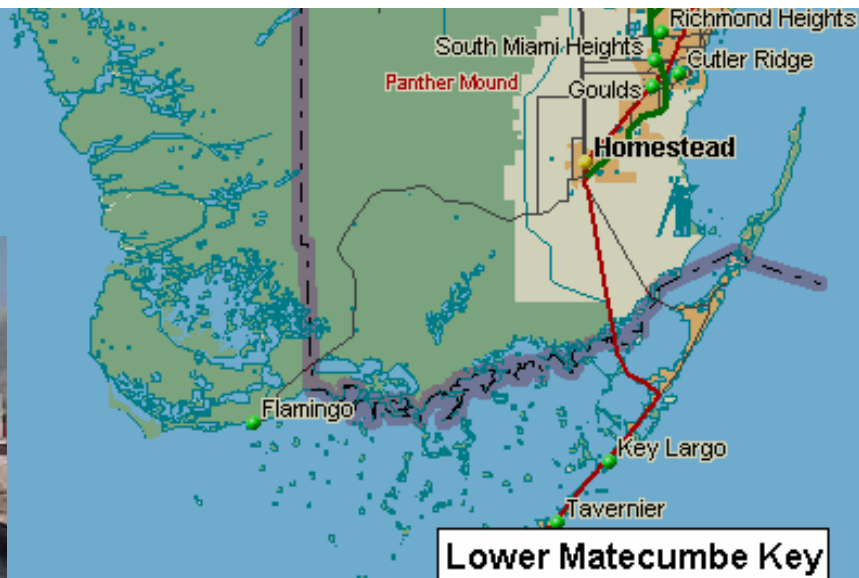

- 9 programs from 3 locations
- Fishing is a major part of most programs
- Fly fishing is popular but not formally offered
  - Participants bring their own gear
- Large variety of saltwater fish available

# Florida Sea Base

Brinton Environmental Center

Big Munson Island

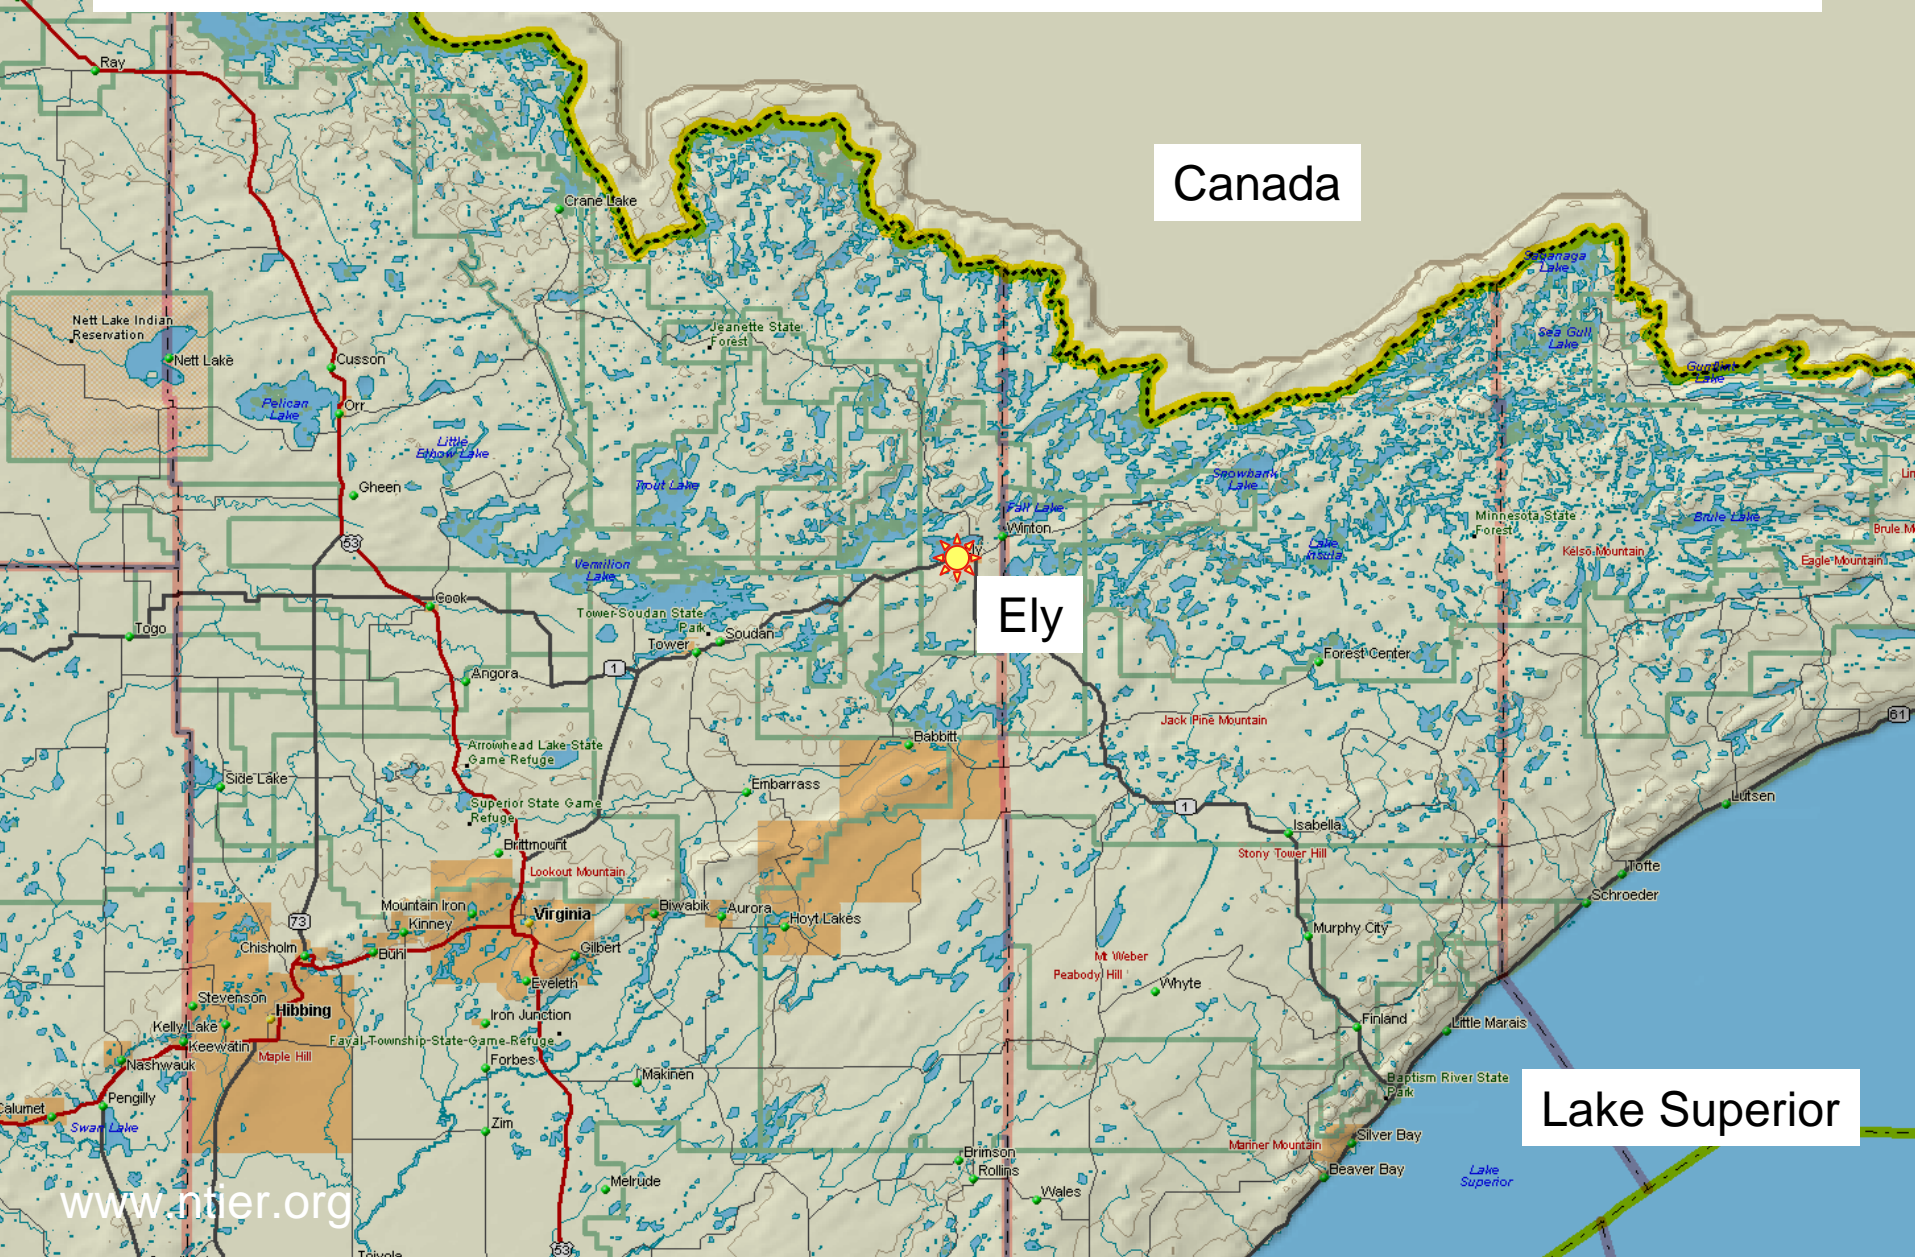

# Northern Tier Boundary Waters

- Open June - August
- 3 Program Bases
  - Charles L. Sommers National High Adventure Base on Moose Lake near Ely, Minnesota
  - Atikokan Canoeing, in Atikokan, Ontario, Canada
  - Northern Expeditions at Bissett, Manitoba, Canada
- Focus on Canoeing Treks
  - Wilderness camping
  - Navigation
  - Many challenge levels
- Lots of Fishing Opportunities
  - Large variety of conditions & fish

# Northern Tier Boundary Waters

Canada

Ely

Lake Superior

# Maine High Adventure Base

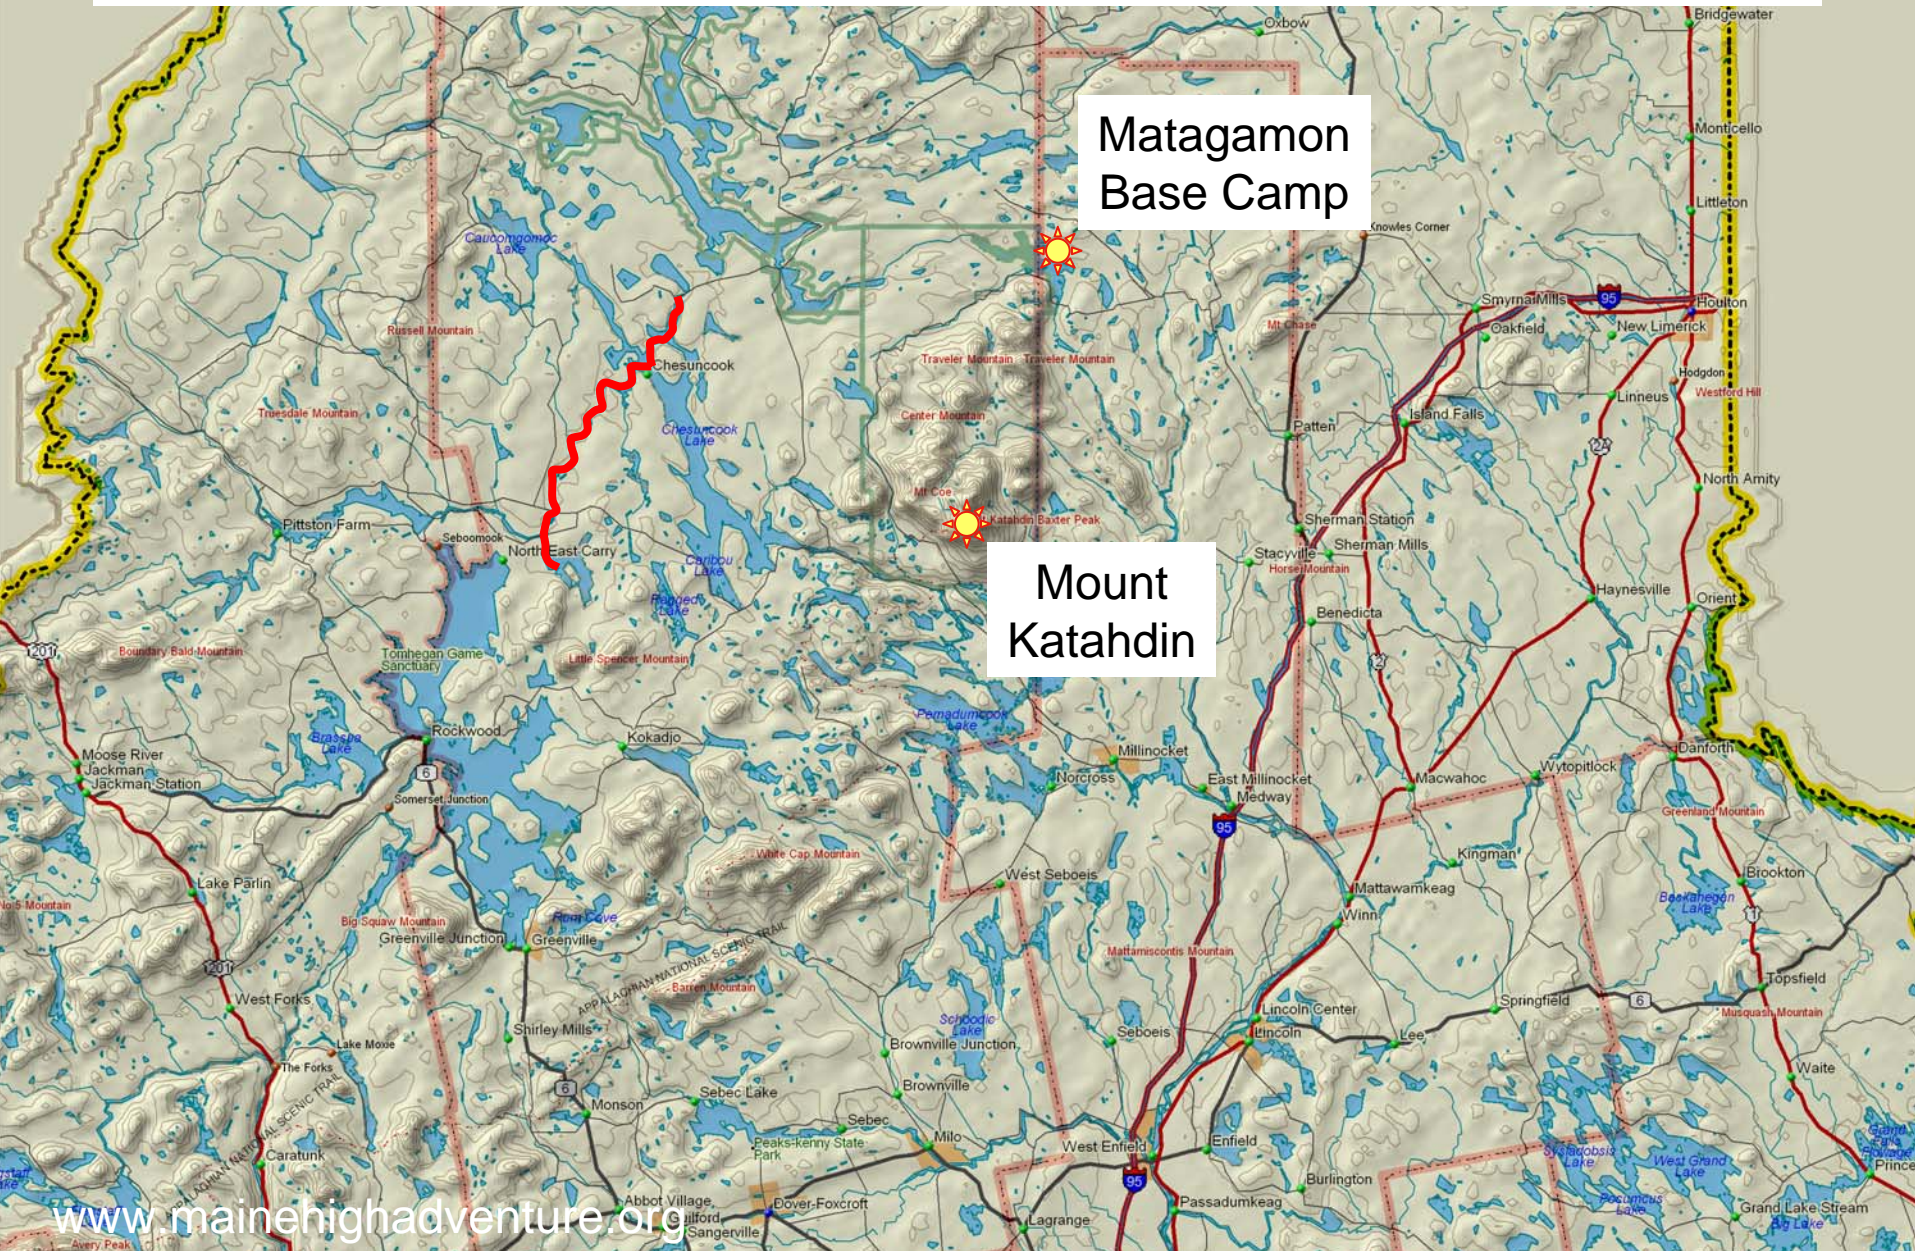

- Matagamon serves as “outfitter” & provides experienced ranger
- Treks are tailored to you
  - What kind of fish do you want to catch?
  - What kind of waters do you prefer?
  - Combine hiking, canoeing, camping, fishing, etc.
- Be prepared to deal with Northwoods conditions: terrain, insects, bears, weather, etc.

# Maine High Adventure Base

Matagamon  
Base Camp

Mount  
Katahdin

# Shenandoah Area

## Shenandoah National Park

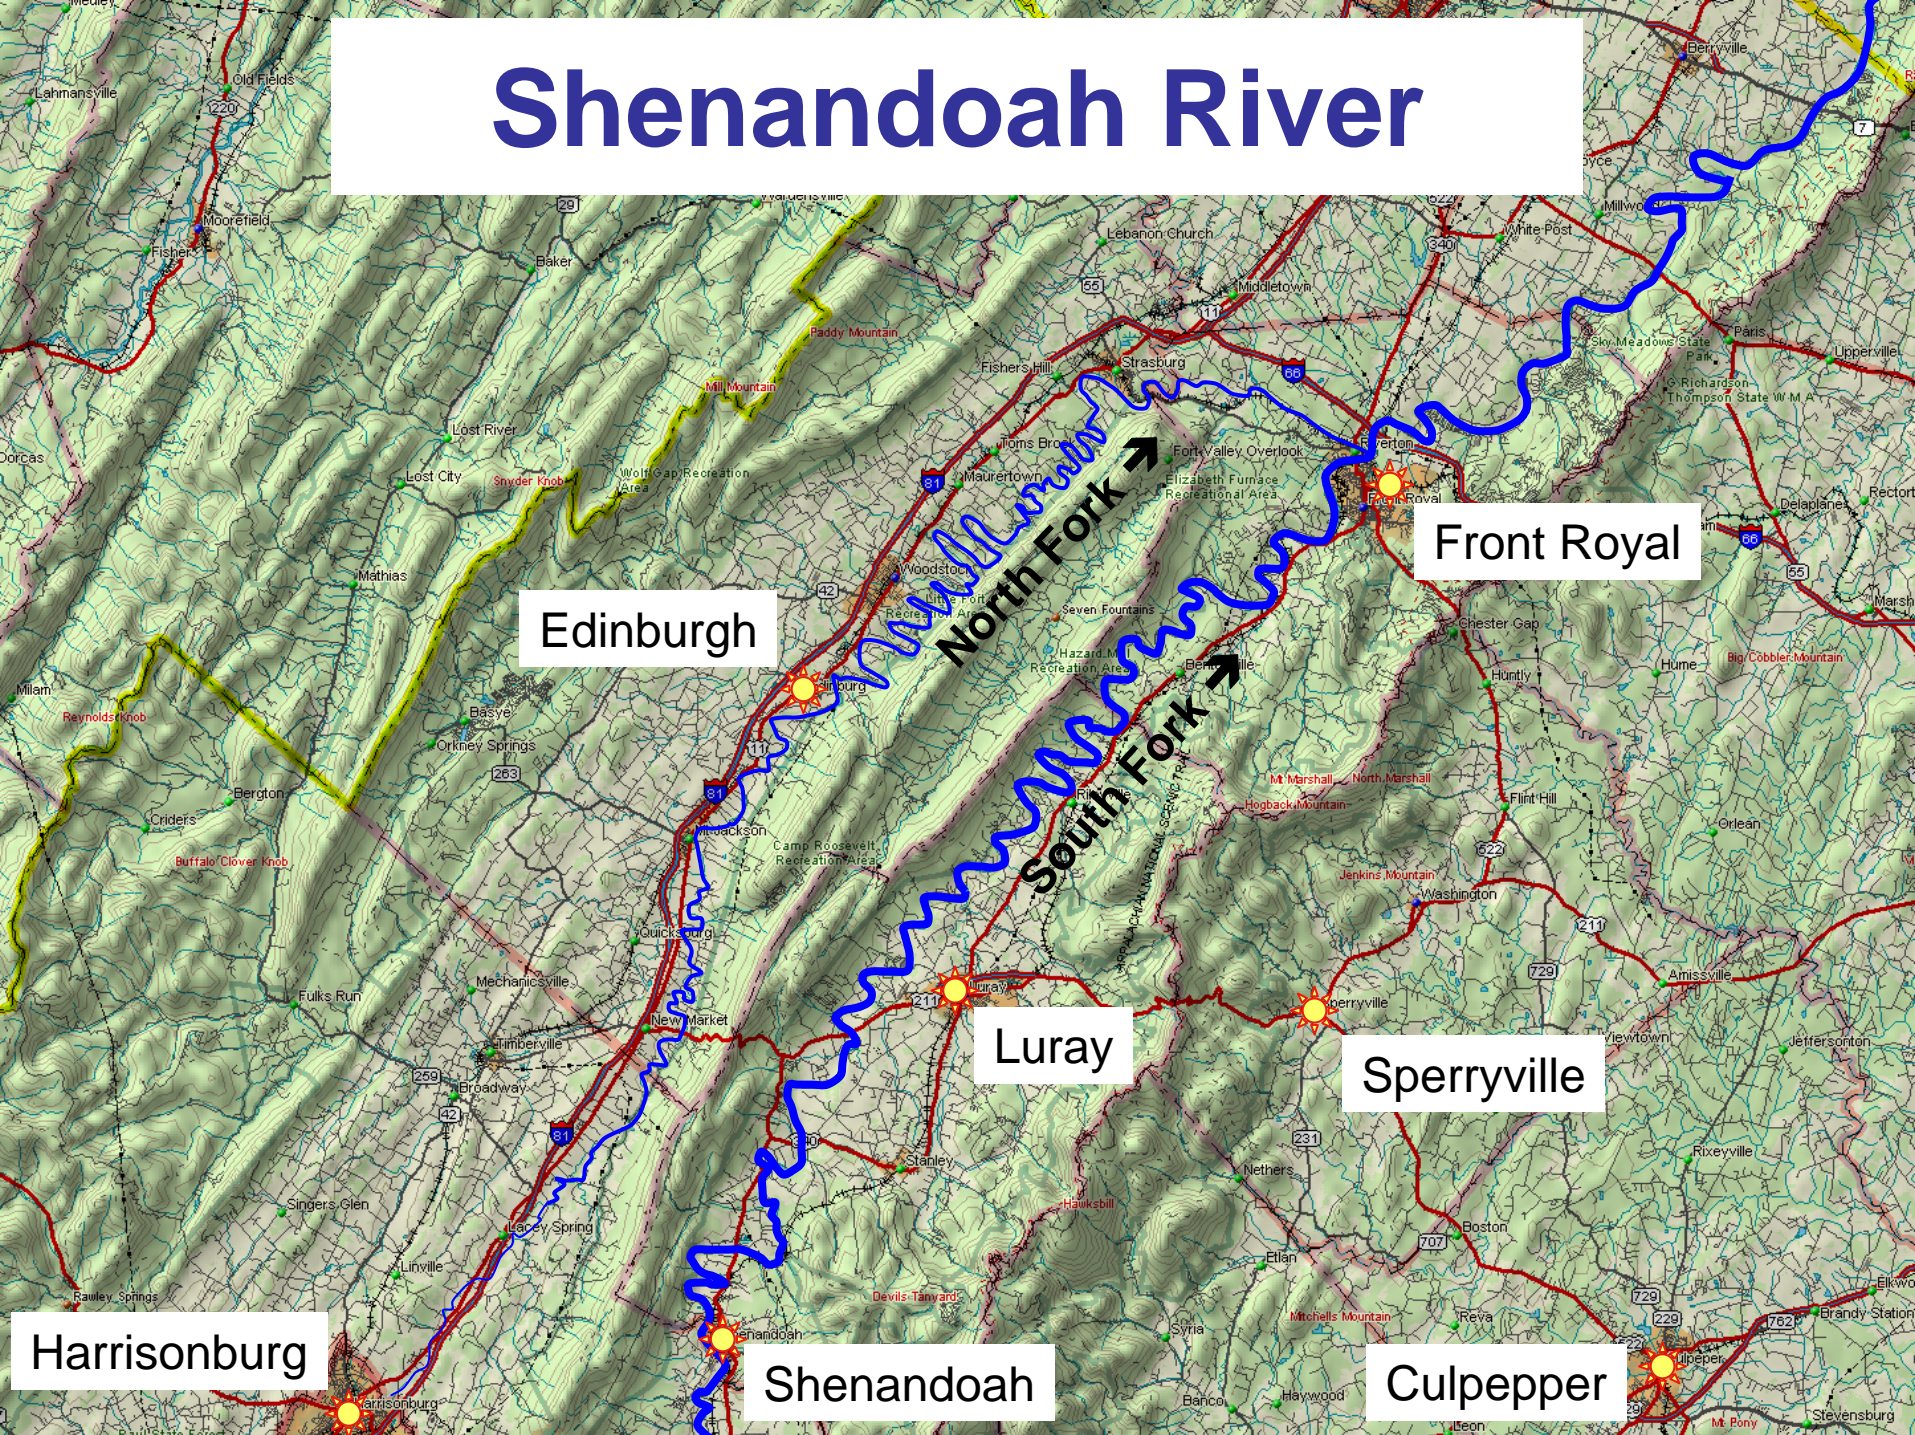

- Wild Trout
- Small mountain streams
- Best hatches April & May
- Low & clear water starting June: time for terrestrials

## Shenandoah River

- Smallmouth Bass
- North Fork: best from early May
- South Fork: 5 times as large as North Fork; best from mid June
- 150 miles of fishable river
- Recovering from major fish kill

# Shenandoah River

Front Royal

Edinburgh

North Fork  
South Fork

Luray

Sperryville

Harrisonburg

Shenandoah

Culpepper

# Inshore Saltwater

## Harkers Island & Point Lookout, NC

- Inshore and offshore saltwater fishing
  - False Albacore, Bluefish, Dolphin, Redfish, Wahoo, Sailfish, etc.
- Primitive waterfront camping (\$15/night/tent incl. firewood)
- Hiking trails
- Sea Kayaking
- Summer Camps
  - Cape Lookout Environmental Education Center (CLEEC)
- Wild ponies on Shackleford Banks

[www.harkersisland.com](http://www.harkersisland.com)

Casting to an  
Albie Blitz

# Harkers Island at Cape Lookout, NC

# Be Prepared - Plan For Success

## Questions to Ask

- Where are we going?
- When are we going?
- What conditions do we expect?
- What do we hope to catch?
- What gear do we need?

## Getting Ready

- Select the right gear
- Check it out
- Practice, especially with new equipment
- Reconnoiter the territory

# When Are You Going?

## Consider:

- Water
  - Temperature
  - Flow Rate
  - Acidity
  - Clarity
- Weather
  - Temperature
  - Precipitation
  - Wind
- Time of Day
  - Light intensity & direction
- Fish Preferences

# Check Water Conditions: USGS Streamflow Charts

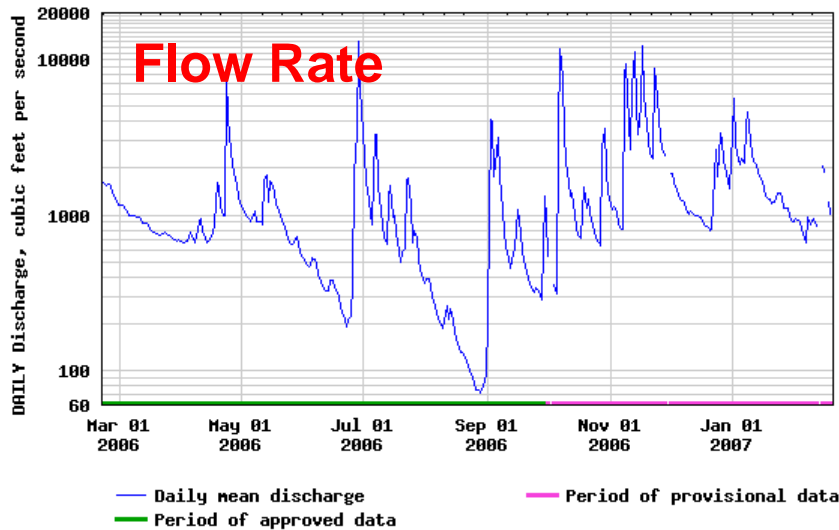

<http://waterdata.usgs.gov/nwis/current/?type=flow>

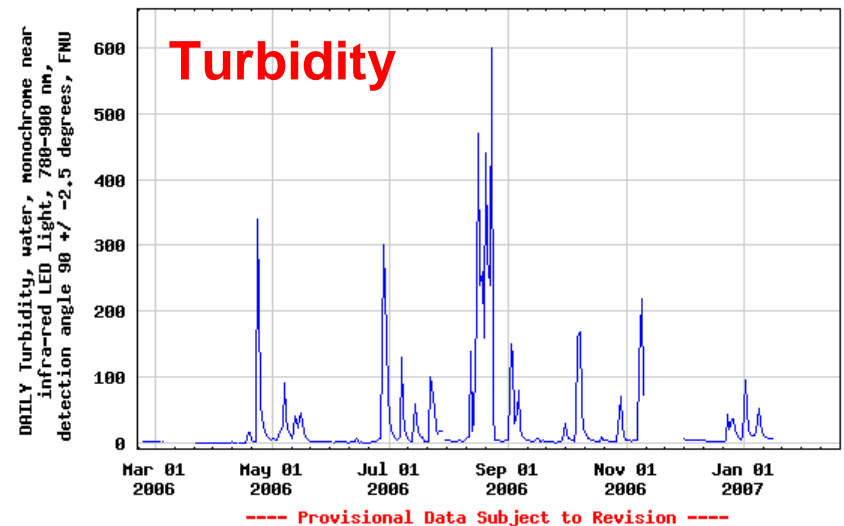

# Typical Stream Information

## Fredericksburg, VA (Mar 06 – Feb 07)

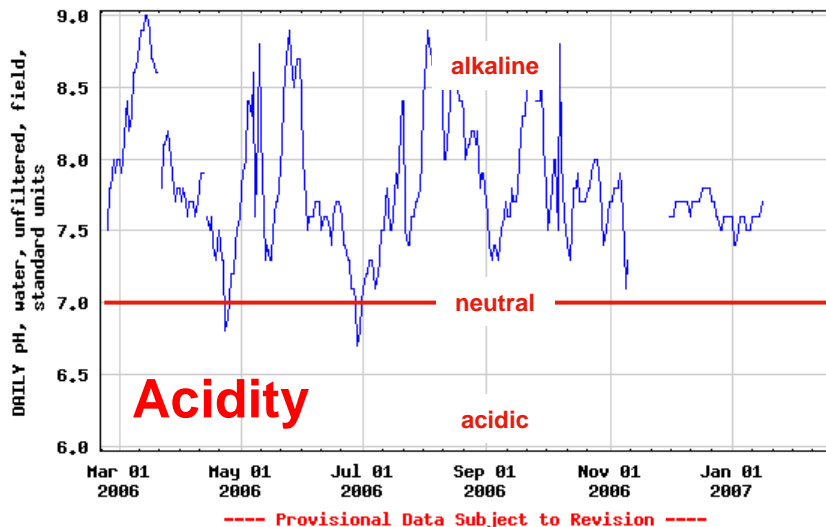

USGS 01668000 RAPPAHANNOCK RIVER NEAR FREDERICKSBURG, VA

USGS 01668000 RAPPAHANNOCK RIVER NEAR FREDERICKSBURG, VA

Isonychia Bicolor	12-14								
Brown Stonefly	8-12								
Golden Drake	8								
Slate Wing Olive	16-18								
Trico	22-24								
Tiny Blue Wing Olive	22-24								
White Mayfly	14-16								
Brown Sedge	12-14								

Stonefly

Mayfly

Caddisfly

Gray Fox

Elk Hair Caddis

# Match the Saltwater “Hatch”

# Match the Saltwater “Hatch”

Name	Size	J	F	M	A	M	J	J	A	S	O	N	D
Herring	5" - 10"												
Shad	6" - 20"												
Cinder Worm	.75" - 2"												
Sand Eel	up to 3"												
Sand Hopper (amphipods)	.5" - 1.5"												
Peanut Bunker (Menhaden)	2" - 3"												
Bay Anchovy	1" - 1.5"												

# Fishing Kit

- Multi-Piece Rod w/ Sack
- Matching Reel
- Matching Line w/ Backing
- Matching Leaders & Tippets
- Small Tackle Box or Bag
- Flies, Lures, etc.
- Hooks
- Weights

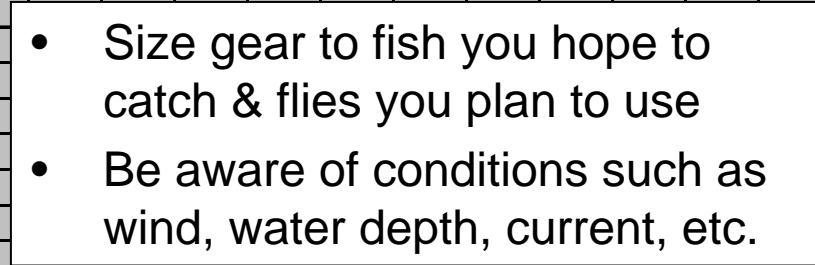

- Cord Stringer
- Forceps, Pliers
- Floats or Strike Indicators
- Swivels
- Small Repair Kit
  - Super Glue
  - Light Wire or Size A Thread
  - Fingernail Polish
- Filet Knife w/ Sheath

## **Gear should be:**

- Matched to fish & conditions
- Easily packed & carried
- Durable
- Adaptable to changes in conditions
- Easily Repaired
- OK to Lose or Break

**> > > Keep the kit light and compact < < <**

## Fly Line Size and Weight

**Dry Flies, Nymphs and Wet Flies** **Weighted Nymphs, Streamers, Salmon Flies and Saltwater Flies**

\* Fly line weight in grains based on first 30 feet of line, not including any taper tip

# Questions?

# Catch & Release

- Keep only what you'll eat at the next meal
- Know your seasons – avoid spawning fish
- Use strong line – don't overtire the fish
- Have your camera & release pliers ready
- Give up the lure or fly
- Use sharp, barbless hooks
- Handle them gently
  - Best                      Don't remove from the water
  - 2<sup>nd</sup> Best                Use a fine-mesh rubber net
  - 3<sup>rd</sup> Best                Wet hands & hold upside down
  - Support the delicate belly & avoid the gills
- Get 'em back in the water quickly

# Fishing & Fly Fishing Merit Badge Topics

- First Aid and Safety
- Types of Equipment
- Fishing Knots
- Lures and Baits
- Casting
- Leave No Trace
- Fishing Laws
- Sportsmanship and the Outdoor Code
- Catching Fish

- First Aid and Safety
- A Balanced Outfit
- Fishing Knots
- Flies and Their Use
- Casting
- Wildlife Observation
- Leave No Trace
- Fishing Laws
- Sportsmanship and the Outdoor Code
- Catching Fish

**FFMB Booklet to be Revised Soon**

# Tie Your Own

- KISMIF !
- Build skill & inventory over time
- Lots of “how to” references
- Find someone who’s experienced
- Join a fishing club

## Fly Tying at the Jamboree

### Bead-Head Woolly Bugger

- Hook – 4X long streamer, size 4 – 10
- Thread – black
- Tail – black or olive marabou
- Body – olive or black chenille
- Hackle – medium olive or black saddle, palmered through body
- Head (optional) – brass bead

Note: Additional colors include olive/brown, brown and tan

# Selecting a (Fly) Rod

- Match to Fish & Conditions
  - Weight (000 to 15)
  - Length 5-15 feet
  - Action (full, mid or tip)
  - Delicacy vs. Power
  - Quality (blank, fittings, craftsmanship)
  - Transportation (number of pieces)
- Consult an experienced fly fisher
- Make your own

Fishing Type	Fly Size	Line Size	Rod Length, ft
Offshore Saltwater	1/0 - 5/0	10 - 15	8 - 9
Inshore Saltwater	#2 - #8	6 - 10	8 - 9
Tarpon	3/0 - #2	11 - 12	8 - 9.5
Steelhead Salmon	1/0 - #8	7 - 9	8 - 15
Bass Pike	3/0 - #6	7 - 9	8 - 9.5
Trout Lakes	#2 - #22	4 - 7	9 - 9.5
Large Trout Rivers	#4 - #22	5 - 7	8 - 9.5
Small Trout Rivers	#6 - #22	3 - 6	7 - 9.5
Spring Creeks	#14 - #26	000 - 4	7 - 9
