## Safety Do's and Don'ts for the 2021 Drive-in Grad Walk

Saturday, May 15, 2021 | PPCC Centennial Campus, 5675 S Academy Blvd.

Please take a moment to review our 2021 Drive-in Grad Walk "Do's and Don'ts" list to ensure an enjoyable graduation experience. For questions or concerns, feel free to send us an email at commencement@ppcc.edu.

- Wear your mask at all times. The only exceptions may include:
  - o Eating and drinking inside your car.
  - o During your graduation photo on stage.
- Pay attention to our volunteers, cones, and signs as they direct you through the event.
- Stay in your car unless directed by our graduation volunteers to exit. The only exceptions include:
  - o Visiting restroom area, event bookstore, or event information tent.
- Stay 6 feet apart from all other people when outside of your car.
- Stay at home if you are not feeling well or are exhibiting any COVID-19 symptoms.

- Bring weapons on the premises at any time.
- · Bring any pets to the event.
- Exit your vehicle at the staging area in Lot D, unless you are a graduate.
- HONK your horn at any time once entering campus for this event, as it will interfere with our sound production.

## **ON THE GROUNDS**

- The SPEED LIMIT in the parking lots is 5 MPH at all times! PLEASE watch for other people.
- Drivers are responsible for making sure that all passengers are inside the vehicle and that no other patrons are in the way before moving their vehicle.
- Footwear must be worn everywhere on the grounds.
- There is NO RUNNING or HORSE PLAY on the grounds or buildings (This
  includes parking lots, restrooms, etc.) This is for your safety and the safety
  of others.

## **COVID-19 Message**

People should not participate in any in-person activities if they:

- Are sick, especially with COVID-19 symptoms.
- Have been exposed to someone with COVID-19 and are currently in the quarantine period.
- Have recently tested positive for COVID-19 and are currently in the isolation period.
- People at increased risk of severe illness from COVID-19 should weigh the risks and benefits of activities they are considering.
