Family Visiting 101

Family Visiting Program

- Foundational program is First Connections. First Connections is RI developed, child-find short term linkage and referral program
- MIECHV and PDG federal funds to implement evidence-based programs (HFA, NFP, PAT)
- Voluntary, home-based service provided during pregnancy and through the early years of a child's life
- Services are administered by the Rhode Island Department of Health (RIDOH) with contracted local implementing agencies
- Services are offered statewide

Evidence-based programs: Nurse-Family Partnership (NFP), Healthy Families America (HFA) and Parents as Teachers (PAT)

What can family visiting support?

- Accessing basic needs
- Connections to community resources, such as WIC, behavioral health
- Assistance with benefit applications
- Breastfeeding support
- Parenting support
- Social/emotional support
- Supporting early relational health
- Screenings, including maternal, depression, developmental screenings, substance use, IPV

This project is supported by the Health Resources and Services Administration (HRSA) of the U.S. Department of Health and Human Services (HHS) under D89MC28279 Affordable Care Act- Maternal, Infant and Early Childhood Home Visiting Program \$9,272,115.00. This information or content and conclusions are those of the author and should not be construed as the official position or policy of, nor should any endorsements be inferred by HRSA, HHS or the U.S. Government.
