### When will the first set of resources be available?

The first set of resources will be available in Axis in time for the beginning of the autumn term.

At the end of the 2024/25 academic year, teachers are encouraged to download the materials to continue their Mastering Number teaching in class. If schools go on to join the Embedding the Impact Community, they will keep their access to the resources for a further 12 months.

### What should I do if I cannot see the resources on Axis after registering?

1. Ensure you have used the same email address when registering on Axis as was provided on the application form for the programme.
2. Ensure that you are looking under the 'Resources' tab on Axis
3. If the email address is the same and you still cannot see the resources, email [Booleanmathshub@clf.uk](mailto:Booleanmathshub@clf.uk) with the Heading "Mastering Number at Reception & KS1" with your query, quoting your school, postcode and name.

### What do I do if I haven't received an invitation to join the online Basecamp Community?
