Home Delivery Day!

We're thrilled to share a heartwarming update! Thanks to the collaborative efforts of Oregon Housing Community Services, UCAN, Crown Homes, and Glide Revitalization, the Archie Creek Fire family, who have been living in a travel trailer for three years, now have a new manufactured home on their land. We extend our deepest gratitude to our partners for making this fresh start possible. The next steps involve utility hookups and furnishing the home, providing the family with essential amenities and a comfortable living space. Join us in celebrating this incredible milestone and stay tuned for more updates on how we're making a positive impact in the lives of families in need. Together, we can create lasting change and provide hope for a brighter future.

FUNDS PROVIDED THIS MONTH

\$86,457

Glide Revitalization is in a unique position. We operate as a non-profit that can obtain grant funding for a wide variety of programs and community based assistance. We also house Douglas County's Long-Term Recovery Group (LTRG). This is a committee of individuals that are governed by a Board of Directors and are fiscally sponsored by a 501(c)(3) organization. All funding that is allocated to this local group of individuals is provided specifically to wildfire impacted community members.

We also partner with many other non-profit organizations to maximize efforts. Often, cases are presented to many community business partners to ensure the client receives the most amount of assistance available to them.

2023 year to date total \$715,178
(does not include Reforestation)
