Letter to Parent/Guardian

We have missed you and your family! We are excited to be re-gathering and continue providing a space for your child to know Jesus. As we prepare to re-launch King's Kids, we want you to know that we are here to support your family as best we can. The safety of your family is our top priority and is at the heart of this re-entry plan.

At King's Kids, we are intentional in sharing God's word and love through a safe, clean, and fun environment. These core values have been at the heart of King's Kids from the beginning and even more so as we step into gathering during this pandemic.

We have worked closely with our church leadership team and other local churches to define our new safety procedures to mitigate the risk of exposure to COVID-19. Also, because King's Church is re-gathering at a new location - the Marigold Event Center, we have had to make several changes to our spaces, in addition to safety procedures. These changes are detailed in this plan, and will be communicated to you prior to re-launching our spaces. As you will see, we are being very cautious with bringing children back into our spaces.

We thank you in advance for your grace, understanding, and patience!

Sincerely,

Ana Hopkins & Kelsey Scott
Co-Directors of King's Kids
kingskids@kingschurchoh.com

- *Safety Protocols:*
 - *Students **are required** to wear masks*
 - *Volunteers are required to wear masks*
 - *Physical distancing will be encouraged*

We will not be offering a space for King's Kids volunteer kids at this time

Attending King's Kids

Pre-Registration

We will have parents pre-register their child(ren) for each space due to limited capacity.

On the Monday before a Sunday experience, registration for each King's Kids space will open. In order to guarantee a spot for your child(ren), parents are encouraged to pre-register. If spots are still available, you may check-in your child on Sunday at the 9:30 Worship Experience.

The registration link can be found at kings.news.

Check-In

Upon entering the Marigold Event Center, follow the signs to the King's Kids Check-In Station. There will be marked spots on the floor every six feet to maintain physical distancing.

If possible, please only have one parent check-in your child(ren).

In order to check-in, both the parent and the child(ren) will have their temperature checked by a touch-less thermometer at the forehead. If a child or parent has a temperature of 100.0 °F or higher, the child and parent will not be allowed to enter the King's Kids space. (A child should be fever free for 24 hours without the use of medication before entering King's Kids).

After the temperature check, you will pick up your family tags at the Check-In Station. Check-In volunteers will be the only ones allowed to touch the iPad used for check-in. There will be in no self check-in station.

Once you have completed check-in, the parent should take their child(ren) to a hand washing station and wash hands before being dropped-off into the designated King's Kids space. Please show your tags to the Security volunteer in order to enter the King's Kids wing.

Hand-sanitizing stations will be located in each room for hand washing during the worship experience.

There will be no outside food or toys allowed into our spaces. Any snack served in the spaces will be prepared by leader wearing gloves and each child will get their own pre-packaged / cup of snack.

Pick-Up:

Parents will be asked to maintain social distancing while entering the King's Kids space to pick up their child(ren). The floor will be marked spots on the floor every six feet. Please show your tag to the Security volunteer to re-enter the King's Kids space.

The volunteer team will make sure each child sanitizes their hands before departure from the space.

Expectations of King's Kids Volunteers

Volunteers will be temperature checked before entering the King's Kids spaces. Any volunteer with a temperature of 100.0 °F or higher will not be allowed to serve. (A volunteer will not be able to serve if they have not been fever free for 24 hours without the use of medication.)

Volunteers will be required to wear a mask at all times.

Volunteers will be required to do a thorough hand washing before entering the space as well as hand-sanitizing throughout the experience.

Volunteers will sanitize all toys after each service.
