DESCRIPTION:

*Torebråte | Wcup 2023 embargo
H. Lundhaug (2021)*

Definitively one of the training maps with high relevancy for the detailed slopes of Torebråte, and well worth another visit even though it was already used much during the WOC 2019 preparation.

The course has been set with the aim to have intense navigation all the way, with several controls in detailed slopes.

NOTE:

Start and finish at 1km from the parking.
