

## The Cambridge Innovation Forum is Recruiting!

### Who we are:

- The [Innovation Forum](#) is a global network of over 10,000 researchers and entrepreneurs.
- We currently have 21 branches including Cambridge, Oxford, London, Edinburgh, New York, Lausanne, Barcelona, Hong Kong and Tokyo.
- We predominantly consist of graduate students and post-docs whose passion and specialisms include **Biotech, Pharma, Policy, Med-tech and Clean-tech** sectors.

### What we do:

- Our aim is to **accelerate creation and growth of science-based companies** by building bridges between academia, industry and policy makers.
- To do this, we run [IMAGINE IF!](#) - a successful accelerator programme as well as workshops, seminars, lectures, networking events and projects in collaboration with our industrial partners.
- Our annual flagship [Health Horizons Future Healthcare Forum](#) was recently held in Cambridge in June, bringing together over 700 delegates.
- The Cambridge branch aims to host regular, termly events on popular topics. Recently covering themes such as: **Immuno-Oncology, Machine Learning in Healthcare, Genomics in Healthcare, and Innovative Energy Models for a Sustainable Future.**

### If you are:

- Interested in the intersection of business and science.
- Entrepreneurially minded.
- Keen on connecting with senior industry executives and developing a personal rapport with them and others in industry, venture capital and academia.
- Wanting to develop a strong international network with like-minded peers.
- Developing highly sought-after transferable skills that will strengthen your CV.
- Looking to forge a career in a related industry (tech transfer, venture capital, patent law, start-ups, academic research, management consultancy etc.).
