

AROGA®

THE ULTIMATE SUPPLEMENT

PATHWAYS CORE APOPTOSIS SUPPORT

WELLNESS BEGINS WITHIN®

Aroga Pathways Core is the world's only 100% plant-based nutritional supplement that optimizes cellular wellness by providing a solid foundation of apoptosis support throughout the entire body.

The body is designed to stay healthy. When our body's cells become old or damaged, they must be repaired or, if repair is not possible, replaced by young, healthy cells. Apoptosis, and its associated pathways, is the process by which the cells that make up our bodies are either repaired, or, if repair is not possible, are removed so that they can be replaced by new, healthy cells. These processes (repair, removal, rejuvenation) take place every minute of our lives, and are necessary for optimal health.

Aroga's Pathways Core provides foods not typically found in the modern Western diet, that support optimal functioning of the whole body, and that are required for its repair, removal, and rejuvenation.

Each capsule (all-vegetable) of Aroga Pathways CORE is based on cutting-edge cellular science, and consists of 100% plant-based food, contains no fillers or binding agents and is manufactured in the USA.

INGREDIENTS
