Tiger	Fish On	1 With your den or Tiger adult partner, identify the body of water where you will go fishing.	Our Fishing Spot		Tiger Handbook pg 34
		Share with the Cub Scouts that we all know that fish live in water, but did you know that not all fish can live in any type of water? Some fish live in the ocean where the water is salty and cold, some fish live in rivers or streams, and some fish live in freshwater lakes. In your Tiger handbook, you see three different types of fish who each live in three different types of water. With your Tiger adult partner, color and match the fish with the body of water they live in.			
		Once the Cub Scouts have finished, review that tuna are found in the ocean. Trout is a type of fish that is found in rivers and streams. Bass is a type of fish that is found in lakes. Tuna and trout are fish that are often a source of food. Bass is known as a sport fish, it isn't caught for food, they are just fun to catch.
