Chair's Chat – November 2024

We've had quite a busy fall with numerous recruitment events, in addition to fall camping and unit activities. We hosted a district-wide Scout Expo at Mosaic in early October, where we had the opportunity to talk to many families who have not been previously involved in scouting. Although formal recruitment activities are key, be on the lookout for informal opportunities—conversations with friends or neighbors are often the best way to recruit new scouting families!

As we move into the holidays, I encourage everyone's participation in Scouting for Food, which greatly benefits food-insecure members of our local communities. Units who are participating in this important service project need as many scouts and adults as possible to participate. The food we collect gives a much-needed boost to the local food pantries just before Thanksgiving.

Questions about renewals and upcoming yearly unit fees? I encourage you to come to the November 14 Round Table meeting at Thoreau Middle School at 7:30 pm. More information to come on a virtual Life to Eagle seminar on February 8, and the annual Wolf Trap District Merit Badge Day on March 8.

Our District Annual Meeting is coming up on November 20th. If you are a Charter Organization Representative or a District Committee Member, I ask that you join us. We will be presenting a full District status report and electing our District Committee to serve for 2025.

Wishing you and your family a wonderful holiday season!

Wood Badge 2025 – Camp Snyder

Spring 2025 Course 04/4-6/25 & 05/3-4/25

Fall 2025 Course 09/12-14/25 & 10/4-5/25

Wood Badge is the Boy Scouts of America’s ultimate leadership training designed to meet the advanced leadership needs of Scouters in all aspects of the BSA, whether unit, district, or council level – from assistant den leaders to Scoutmasters, from Cubmasters to Venturing Advisors, from committee members to commissioners. It is a fun, energetic and inspiring course guaranteed to infuse your unit with fun and meaning – all designed to fulfill the mission of the BSA, and ensure our youth is getting everything they are promised from the program.

Reflecting the best of nearly a century of Scouting experience, Wood Badge draws upon the most current leadership models used by corporate America, academic circles and successful organizations throughout the country. Participants can expect to develop skills in many areas, including leadership theory, team building, problem-solving, communication, project planning and more. These skills can be taken back to packs, troops, crews and ships to help leaders guide youth in dynamic Scouting programs. Scouters will find these skills invaluable in their business and personal lives as well.

Wood Badge consists of two parts: The first five full days is the initial group training, usually held over two weekends – the first weekend Friday through Sunday, and the second Saturday and Sunday (**Both weekends must be attended**).

The second part requires participants to apply the skills they learned by completing a 5-part plan (called a “ticket”) over the following 18 months, leading towards the individual participant’s vision of a better Scouting future.

Requirements for attending Wood Badge:

1. Be registered members of the Boy Scouts of America and age 18 or older.
2. Have completed the basic position-specific training courses for their Scouting role.
3. Be capable of functioning safely in an outdoor environment. All participants are required to complete the Annual Health and Medical Record. Parts A, B, and C are required which includes a physical. Part C is required for everyone, including people who are not present for more than 72 hours.

Scholarship requests can be submitted at: <https://247scouting.com/forms/082-FinancialSupport>

The Fundamentals of Training
and
Trainer's EDGE

EVENT DETAILS

Do you train leaders, parents, or scouts? Have you considered training but don't know where to begin? Or maybe you have years of experience in training but want to add some pizzazz to it.

Come join us for *The Fundamentals of Training* and *Trainer's EDGE*.

The *Fundamentals of Training* session is designed to help scouters, regardless of their experience, to present effective training. It will also help those who might have trained for other organizations learn the BSA's training techniques and it will help freshen up the skills of current BSA trainers.

The *Trainer's EDGE* session is designed to provide and help platform skills of the trainer with the focus in raising the level of the trainer's skill. In this session you will have the opportunity to apply strategies for managing learner behaviors, giving and receiving feedback, and practice training methodologies.

At the conclusion of the training, you will be able to understand the principles of how people learn and equip yourself with a broad range of ideas, techniques, and materials, which will enable you to select approaches to communicate your messages most successfully, and with PIZZAZZ!

The Trainer's EDGE emphasizes the importance of "experiential learning," or learning by doing, as well as numerous other contemporary training strategies. These strategies can then be applied to a wide range of training programs.

This training is required for Wood Badge and NYLT staffs. It is highly recommended for candidates earning their University of Scouting Ph.Ds.

BACK COUNTRY OUTDOOR LEADER SKILLS

DON'T BE THIS GUY

GET BCOLS TRAINED!

This course was developed by a group of Scouters in 1993; it has been continually updated to meet current techniques and technology. This course is designed to support the older youth programs of the BSA. It is aimed at all adults working with older youth regardless of program (Boy Scouting, Venturing, or Exploring). **Cub Scout Leaders or people without camping experience SHOULD NOT training this training.** All participants MUST complete Introduction to Outdoor Leader Skills, as well as the position-specific training for their program area prior to attending this course. All participants must be able to meet current physical requirements of the BSA Annual Health & Medical Record.

The target audience is adult leaders planning High Adventure treks at backcountry venues not supported by BSA infrastructure; however, units planning to attend High Adventure bases supported by BSA will find this course useful, because unit shakedown will, most likely, take place in venues not supported by BSA infrastructure. If you are participating in an NCAC-sponsored High Adventure Trek, you must also take the course offered by the NCAC High Adventure Committee.

Youth participants (16 and up) will be admitted on an individual basis and requires the nomination by the unit leader. Youth must have completed unit leadership training (Introduction to Leadership Skills for Troops or Crews, etc.) as well as National Youth Leadership Training.

Back Country Outdoor Leader Skills is offered by the Council Training Committee as an optional follow-on to the basic course, Introduction to Outdoor Leader Skills. Its goal is to provide adult leaders with an overview of such topics as:

• Trek Planning • Leadership Skills • Team Development • Leave No Trace • Water Treatment •
• Stove Maintenance • Risk Management • Equipment Maintenance • Crew Equipment Needs & Selection •
• Personal Equipment Needs & Selection • Terrain Awareness & Land Navigation • Menu Planning & Clean-up •
• Hygiene & Health • On the Trail Tips • Wilderness First Aid Overview

Part 1 — Addresses ways to effectively work with older youth and covers the detailed preparation and planning that must be done before you go out, including risk management. Summarizes the personal and crew equipment used for lightweight camping. Plans are also made for the weekend overnight session. (Part 1 is the EXPLAIN & DEMONSTRATE part of EDGE.)

Part 2 — Participants will practice core leader skills for the outdoor program — Leave No Trace, navigation (map & compass plus GPS), terrain awareness, expedition menu planning and food preparation, stove and stove maintenance, wilderness first aid issues, expedition health and hygiene, team building. (Part 2 is the GUIDE part of EDGE.)

Part 3 — *While not required, we strongly suggest participation* in the Hikeoree which will allow BCOLS trained leaders to apply the BCOLS training with their youth at a real-world event. (Part 3 is the ENABLE part of EDGE.)
