Will you be open to the community?

How are you handling reserves? Will you be offering physical reserves?

Will your library be checking IDs or monitoring who is using the building?

The State University  
of New York

How have you handled changing entryways and adjusting traffic flows to encourage distancing?

What HVAC discussions have you been part of, and have you made any adjustments due to these discussions about HVAC capabilities?

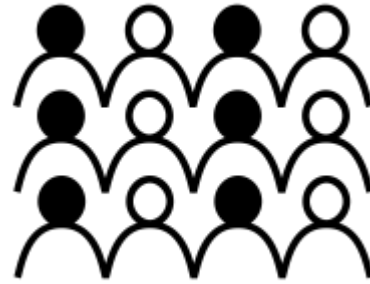

How is your institutional reopening planning structure? How have you/the library been included as part of the reopening planning?

What's currently your biggest unknown about reopening?

Audience  
Question/Poll

How are budgets being handled? Are most still flexible and evolving and handling purchasing on a case by case basis?

Audience  
Question/Poll

Are you aware of your campus plans for when there are confirmed COVID cases on campus?

Audience  
Question/Poll

What are common work schedules? Are staff rotating, still doing part of their work from home, etc?

The State University of New York
