NEIGHBORHOOD PREPAREDNESS

Thank you to all that attended our first Preparedness Potluck on April 3rd at the North Umpqua Bible Fellowship!

In a disaster, your most immediate source of help is the neighbors living around you. Contributing as an individual and working together as a team helps develop stronger communities. A prepared community has better chances than a prepared individual!

For more information or to request training/support for creating and launching a zone of prepared neighbors in your area, email: disasterinfo@gliderev.com

REFORESTATION

Glide Revitalization and its partners in reforestation are excited to aid in the replanting of trees and beautification of community properties affected by the fire.

Please reach out to one of our reforestation contacts for guidance on this endeavor.
