

Diversity, Equity & Inclusion (DEI) Training Resources

NC Medicaid Cultural Competency Training Resource

The Prepaid Health Plans, in collaboration with NC AHEC, streamlined the Cultural Competency training requirement for Providers. The training was created by the NC Department of Health and Human Services and endorsed by each PHP. You only need to view it once to meet the training requirement for each plan you are contracted with: <u>2021 Cultural Competency</u> <u>Training</u>

NC AHEC Diversity, Equity & Inclusion (DEI) for Primary Care Clinical Providers and Non-Clinical Staff

The program consists of 12 individual modules with a focus on implementing DEI strategies that are proven to improve patient care including:

• Articulating how DEI plays a heightened and essential role in today's healthcare environment

• Educating clinical providers and non-clinical staff on fundamental concepts, such as cultural humility, structural racism, and other relevant content to assist providers and staff to increase knowledge and adopt equitable practices

- Integrating DEI values and core principles into the patient care environment
- Building core competency and shared language across staff

More information including registration is found at: **Course Catalog (mahec.net)**
