Archive Committee

NVASLA Archive Committee Barb Santner

In honor of World Landscape Architecture Month the NVASLA Archive Committee offers this update. The committee is co-chaired by Cecelia Schafler and Ron Blakemore. The NVASLA Executive Committee liaison is Amanda Rookey. Barb Santner also serves on the committee.

We are moving ahead with the chapter archive project. The goal of the project is to develop and maintain an accessible historical record that documents the administration, activities, events, achievements and people that made the Chapter what it is today. We are reactivating the existing NVASLA archives at UNLV where collected material will be stored. If you would like to participate on the committee or if you have information to contribute such as NVASLA event photos, printed newsletters, oral history or other items contact the committee at the email address below.
