

Adult Spins Challenge – This chart reflects the rules in place beginning July 1, 2024

Note: the updates are to add the IJS codes, and alignment of general event parameters with standard track, with no changes to content

General event parameters:

1. All events are skated on half ice.
2. Spins may be skated in any order. Spins may not be repeated. Only the listed elements will be judged - connecting steps are allowed but will not be considered in scoring.
3. All spins may fly unless otherwise noted.
4. Minimum number of revolutions are noted.
5. Spins are called in a program-like fashion, therefore, spin variations may not be repeated, unless allowable by the calling specifications for that level.
6. If using IJS, features will be awarded in accordance with the current US Adult Calling Clarifications.
7. Elements not according to requirements will receive no value.
8. Time Violations:
 - a. For events judged under 6.0: for up to every 10 seconds in excess = 0.1
 - b. For events judged under IJS: for up to every 5 seconds in excess = -0.5
