EXHIBITOR LETTER OF REQUEST

This letter of request invites your company to participate at the APPOS (Advanced Practice Providers Oncology Summit). A conference series presented by Horizon CME and in partnership with Community Oncology Alliance and APAO (American Physician Assistants in Oncology). The APPOS receives positive feedback from both attendees and supporters. Each year we incorporate feedback from attendees and supporters to improve networking and a positive experience for everyone involved.

What to expect:

Exhibits provide an opportunity to learn about the products and services that can help improve the quality, safety, and outcomes of oncology care.

An announcement will be made to attendees during the conference to encourage the attendees to visit the Exhibit Hall. There are incentives that Horizon CME will be providing/sponsoring to encourage clinician participation, such as raffles for gift cards. The non-refundable Exhibit fee is designed to only cover the registration for two representatives to exhibit and not associated with meals, raffles, or other social activities.
