

Sample Employer Interest Workplace Charging Survey

Plug-in electric vehicles (PEVs) use electricity as either their primary fuel or to improve fuel efficiency. Today, over 50 PEV models are available with more coming every year, expanding driver options. *MUNICIPAL NAME* is considering ways to better assist employers installing workplace PEV chargers. Your responses to this survey will be used to determine interest in this amenity. Participation in this survey is voluntary and you do not need to respond to any of the questions that you do not wish to answer.

Visit the Department of Energy's website to learn more about [Plug-In Vehicle Electric Vehicles](#) and learn more about [workplace charging](#).
