## Community Training Programme Overview

Our programme is designed to work around your schedule, your interests, and your strengths to help you develop new skills, explore the opportunities of reuse and repair, and grow your future CV . Throughout the onboarding process (June - October), we will work closely with you to develop an achievable programme that sets you up for long-term success

By the end of the programme you will have gained lifelong practical skills that will serve as a valuable asset not only for yourself but also your community. You will be empowered to make informed decisions for sustainable living that aligns to your needs and priorities.
